

Complete School Support

Imagine having resources at your fingertips, with no need for purchase authorisation and no delay in delivery.

Complete School Support is an exciting approach to providing resources at just **£1 per student per year** for the entire school.

This means that your whole department can benefit from a wealth of resources – possibly without any deduction from your departmental budget. You also receive annual updates with extra material included.

See opposite to find out more about what is on offer for your subject, and overleaf for the whole school picture.

Every title is provided in digital format, which means that you can:

- ❖ print out activities on demand
- ❖ store material on a school network or on teacher laptops
- ❖ copy and paste material to make your own version
- ❖ display the material on an interactive whiteboard
- ❖ give students their own copy.

Encourage your school to place an order!

Engaging material

Offer varied resources

Assessment Planning for KS3 PE

This popular resource will help you to identify and record evidence in line with the levels and attainment targets for the PE curriculum. It provides a structured and progressive framework for assessment in PE – over 100 pages of handy forms and checklists.

GCSE Physical Education

An engaging set of Microsoft® PowerPoint presentations designed to help you deliver the theory aspects of GCSE PE.

Progression in KS3 PE

Level descriptions for KS3 PE to be used in peer assessment and for self-evaluation. All National Curriculum areas of activity in PE are covered.

Student Handbook for Physical Education

128 pages of wide-ranging reference material designed to develop students' knowledge and understanding of PE at Key Stages 3 and 4.

Use ICT effectively

Using the Internet

Selected Web addresses, each with a brief review, and 12 engaging student worksheets based upon Web sites. The topics cover material required for KS3, GCSE and AS/A-level. In addition to accessible student material, there is detailed support for the teacher with a special section on generic issues relating to the use of the Internet in the teaching of PE. Ideal for homework or self-study as well as use in lessons.

ICT in Physical Education

An ideal starting point for any PE department. Over 50 pages of guidance, covering the basics of policy development and the creation of appropriate documentation and implementation strategies which involve the wide range of ICT tools available.

Support high achievers

Gifted and Talented

Guidance on identifying and supporting gifted and talented students. A wealth of resources for the higher ability cohort is included. The material offers the chance for the department to look carefully at how to improve teaching, support staff who work with able students and offer appropriate personalised learning.

Manage the department with confidence

Running a PE Department

Handy checklists and forms to help you address ever-increasing administrative responsibilities and meet the need to produce detailed documentation to show how the department functions.

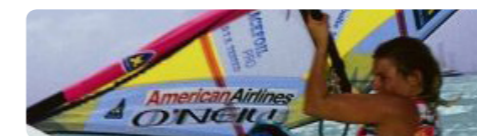

A supportive and convenient solution

Offer focused CPD for your staff

Benefit from resources which cover topics such as:

- ❖ CPD portfolio building
- ❖ stress and coping
- ❖ successful target setting
