F1 in Schools Curriculum Resource

Andy Howlett

- Extend your involvement with F1 in Schools
- Gain ready-to-use resources for a wide range of subjects
- Give your teams the best support

The *F1 in Schools Curriculum Resource* presents the opportunity for your school to capture the excitement of the *F1 in Schools* challenge and extend it across the school. This will help:

- bring learning to life
- motivate pupils
- set up cross-curricular learning easily and quickly
- raise the profile of your schools teams.

Dozens of lesson plans ready to go

Benefit the whole school

Each edition of the *F1 in Schools Curriculum Resource* contains detailed, fully-supported lesson plans for:

- Art and design
- Citizenship
- Design and technology
- English
- Enterprise education
- ICT
- Mathematics
- PE
- Science.

You may already have seen how the real-world context provided by the *F1 in Schools* challenge can motivate students to achieve their very best. Using these materials, teachers across the school can get the same benefit, either delivering one-off lessons or participating in a coordinated project across a year group or the entire school.

Gain a huge range of material

The *F1 in Schools Curriculum Resource* is available in three editions:

- › **11-14 Bloodhound SSC** – Referenced to the KS2 and KS3 National Curriculum (including enterprise education), this is for pupils aged between 11 and 14. It contains sessions in most subjects and prepares pupils for the Bloodhound SSC level of the challenge.
- › **11-14 F1 Class** – Two extra design and technology sessions enable pupils to compete at the F1 Class level of the challenge.
- › **14-19 F1 Class** – Organised by topic rather than subject, this edition offers advanced activities for 14- to 19-year-olds to prepare for the F1 Class level of the challenge, using *F1 in Schools* activities to contribute towards a range of qualifications.

Management made easy

Comprehensive guidance on managing the project is also included, helping you to:

- › set up the project to suit your school
- › provide differentiated activities
- › assess pupils' work
- › monitor pupils' progress.

Support cross-curricular learning

Setting up project-based or enquiry-based learning in school can be a challenge. The *F1 in Schools Curriculum Resource* presents a fully supported, tried and tested project which is ready to use.

All available online, every year

The *F1 in Schools Curriculum Resource* is accessed online and is sold with a full site licence for use in your school for the subscription period (12 months). The licence enables you to share and copy the material throughout your school. A wealth of editable digital files is included – these can be viewed onscreen or printed on demand.
