Clear community overview

Your school's *Confidential Report – Community Issues* provides a set of colourful maps showing the school's local area shaded according to nine separate measures of deprivation:

- Barriers to housing and services
- Crime
- Education, skills and training
- Employment
- Health and disability
- Income deprivation
- Living environment deprivation
- Index of multiple deprivation (IMD)
- Income deprivation affecting children index (IDACI).

These are based on up-to-date government data. Together they give you the most complete picture possible of how deprivation affects the areas where your pupils live.

Over 3000 reports produced in 130 local authorities

Tailored for your school

We superimpose marks for each child's postcode on each map so you can see the extent to which your pupils are affected by each form of disadvantage.

What you get

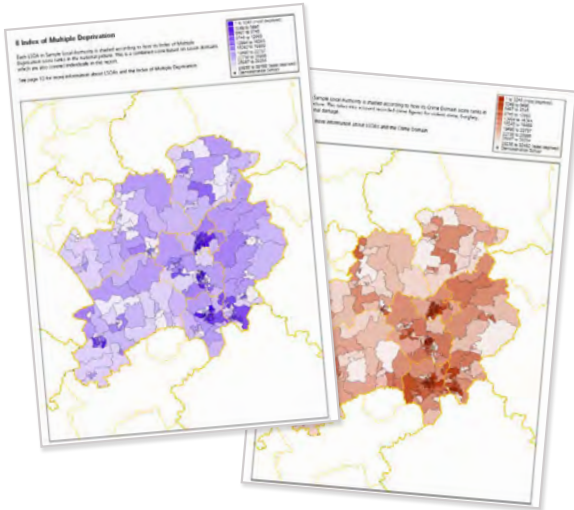

Your *Confidential Report – Community Issues* includes:

- printed maps showing your school and pupils' postcodes overlaid on each measure of deprivation
- a separate overlay showing roads and other geographical features
- PDF copies of all maps
- a spreadsheet containing summary tables of all your data.

As well as whole school reports, we can break the data down by year group, ethnicity or Pupil Premium status – see the order form overleaf or contact us for details.

“*The reports have proved very useful, particularly in our recent Ofsted when they provided a context for the school's own data and enabled us to demonstrate really effectively the challenges we faced. We would recommend them to all communities, but imagine they are at their most valuable for schools where the social context is not always helpful to delivering the required rates of progress.*”

Vice Principal,
Shenley Academy, Birmingham

Presenting your case more compellingly

Equipped with the greater understanding and convenient documentation that your *Confidential Report – Community Issues* will provide, you will be better placed to:

- › inform and use staff more efficiently
- › improve interventions for vulnerable individuals and groups
- › close gaps and raise attainment more generally
- › demonstrate effective leadership and an enhanced capacity to improve
- › present cogent evidence to Ofsted and other external agencies.

“ The reports were very detailed and gave us information we could not have easily found for ourselves. For all four of our previous inspections we know that the reports would have been very useful. ”
